EXPERIENCE

Nightly, 2025 — *Founder & Developer*

Built and launched Nightly, a privacy-focused iOS journaling and sobriety support app. Led product development including SwiftUI engineering, UX/UI design, local data persistence, and App Store deployment.

DingDuff, 2025 — *Software Developer*

Developed DingDuff, an AI assistant for lawyers that automates lengthy legal text processing through courtlistener and delivers organized, high-quality outputs.

Cognitive Scale, 2019 — *Intern*

Learned the basics of user interface construction and front-end programming using HTML, CSS, React, JavaScript, and User Acceptance Testing.

Technology Pointe, 2018 — *COOL Week Intern*

Learned the basics of IT through shadowing hardware and software tickets. Deconstructed computers to learn hardware basics.

Camp Twin Lakes, YMCA, 2017-2018 — *Lifeguard*

CPR & First Aid Certified lifeguard with YMCA Lifeguard and Red Cross Waterfront credentials. Experienced in enforcing water safety, supervising groups, and responding to incidents. Taught canoeing, kayaking, and paddle boarding.

EDUCATION

Texas A&M University, 2018-2024 — *Computer Science*

GPA: 3.6 on a 4.0 scale

Phi Sigma Rho (Engineering Sorority), Society of Women Engineers, SWElites (SWE freshman organization), Aggie Women in Computer Science, Tennis Club.

Vista Ridge High School, 2014-2018 — *Advanced Mathematics*

CLASS RANK: 50/539, GPA: 3.8 on a 4.0 scale

AP Calculus BC (AP Score: 4), AP Computer Science A, Student Council (2015-2018), National Honor Society (2016-2018), Varsity Tennis (2014-2018), AP Scholar Award.

AWARDS

Industrial Affiliates Program Scholarship — *Texas A&M University*

Award given from the Department of Computer Science and Engineering to students.

PROJECTS

Plant Life — *iOS App*

SwiftUI iOS application that gamifies plant care through a virtual currency system, so users can earn coins and customize their in-app living space.

ANTISA Supporting Forensic Nurses Helping Sexual Assault Victims — *Capstone Project*

Web application tool to help guide nurses through the decision tree of the questions and a resulting diagnosis.

CRM Insights — *Cognitive Scale Intern Project*

The program scrapes the web for news related to companies in an asset manager's mutual fund, assigns sentiment score and financial advisor's clients' exposure score.
